<b>Other Important Information</b>	
<p>Certain features (such as payment services) of your Online Banking and Mobile Banking app need to access your device's contacts in order to complete transactions efficiently. Also, certain features require access to your camera (for facial recognition or for mobile deposit). In addition, the Mobile Banking app also may periodically collect, transmit, and use geolocation information to support features that prevent fraudulent card use and alerts, but only if you expressly authorize collection of such information. You may choose whether geolocation information can be monitored on a continuous basis in the background, only while the app is being used, or not at all. You can change these permissions at any time in your device settings.</p>
